

PA APCO Spring Conference

March 25-28, 2012

Eden Resort - Lancaster PA.

As we begin 2012, it is time to look at what coming for the PA APCO Spring conference. Here are a few of the great things about the conference. **Networking!** Meeting and exchanging ideas. **Vendors!** Getting to know the companies that invest and support the 911/Public Safety business. **Sessions!** Learning new and exciting ways of working in Public Safety. **Technology!** What's the latest and greatest there is to offer.

Here is a small sample of some of the sessions planned –

**Mobile Devices and Social Networks in the Workplace** – complications, challenges and consequences.

**Dispatching with Handicaps** – hear from a 911 dispatcher, first hand, of the ways safety and adaptations can make working more comfortable.

**Radio Interoperability – Moving P25 digital radio and what it means for users** – overview of current P25, implications for decision makers, what works and what doesn't.

**Crisis Communications or When Bad Things Happen** – how to keep from making it worse - the do's and don'ts of crisis.

**Keep checking [paapco.org](http://paapco.org) for continued updates and conference information.**

***Food, Fun, Vendors, Technology, Networking, Learning !!!!***

**All in one place!!!**
