

Hello, my name is Betsy Turner, I am seeking position of Vice President of PA APCO, I have been with Wayne County for 15 years starting out as a part time dispatcher and working my way to current position as Public Safety Director. My passion for Emergency Services extends to my local Ambulance Corps as EMT-B, I have been the Captain for the last 5 years, and Lieutenant for 14 years prior. My experience with 911 has taught me the true meaning of teamwork, passion for helping others and a community of peers willing to teach and help individuals to thrive in an ever-changing industry. I have been a member of the PEMA Technical Subcommittee for the last 3 years, and served as Member at Large on the PA APCO Board this past year.

I appreciate your support for the Vice President role in the coming year.
